The Queen's Platinum Jubilee Extended Bank Holiday Weekend Events

Over the extended Bank Holiday weekend in June, celebrations will take place at Sandringham to mark The Queen's Platinum Jubilee.

DOG FOULING

As the weather is getting better members of the village have raised concern again at the number of dog walking residents who do not pick up their dog's waste. This is occurring all over the village, including Council maintained public areas and other locations being maintained by village residents.

Everyone should be aware that the Borough Council of King's Lynn and West Norfolk are responsible for enforcing the law around dog owners responsibility to collect their dog fouling waste. Individuals can be reported using the website below:

[https://www.west-norfolk.gov.uk/info/20094/animals_and_pests/751/
dog_and_other_animal_fouling](https://www.west-norfolk.gov.uk/info/20094/animals_and_pests/751/dog_and_other_animal_fouling)

While generally unpleasant for everyone walking around the village and using public spaces and footpaths, diseases can also be transmitted by pet waste including: Campylobacteriosis – bacterial infection that causes diarrhoea in humans (carried by dogs and cats) and Cryptosporidium a parasitic infection that causes diarrhoea and abdominal distress (carried by dogs and cats).

Please ensure if you are a dog walker that you collect all your waste and either take it home or dispose in one of the dog waste bins provided by the Council around the village.

We all love walking around Southery, whether we have a dog or not, so please help keep our open spaces clean and tidy and a pleasure for everyone to enjoy.

54/22 To Approve Any Response to Planning Consultation Received: 22/00169/F Change of Use of Paddock to garden and siting of a caravan at 17 Lynn Road, Southery, PE38 0HU

RESOLVED: They object to the application on the following grounds:

- Loss of green space within the Parish once it has been changed to a garden from a paddock and which has a negative impact on the environment.
- The Parish Council is unclear how many caravans there are proposed, in the last application it was stated a static caravan and, in this application, just a caravan where one is permanent, and one isn't. This needs clarification.
- The presence of a caravan is a potential nuisance to neighbouring properties in terms of noise and activity.
- there is potentially more traffic from the property with an additional residence being the caravan in place which is a highway concern.
- The piece of land is outside of the development boundary and the PC feel this should not change by way of a planning decision through this application or as result of. It would not wish that by way of approving this application it then has an implication to allow development on land outside the development boundary.

And The PC also wished to add the following point that it is understood the siting of the caravan will be temporary and if granted by BCKLWN the PC would be requesting that this be the case as a planning condition, that it be a temporary arrangement and not permanent

All were in favour.
